

Mrs. Wolin and Mrs. Huffman's Canine Headlines

Happy November! The school year always seems to pass so quickly!

October was a busy month for our Bulldogs! In addition to taking their quarterly exams, we had students participate in theme days for Red Ribbon Week, Booster-thon Pep Rallies and Fun Run, Family Literacy Day with Character Costumes, and field trips to Sweetfield Farms, The Florida Aquarium, and Crystal Springs! With the addition of BES-t in Show and Top Dogs, Student Council, SSYR, NEHS, Safety Patrol, Chorus, and Instrumental continuing the month we can see how committed families and teachers are to providing a well-rounded education for our Bulldogs! The Great American Teach-In occurs in November, too, and we are excited to welcome all our guest speakers! Speaking of Chorus, we have our second graders performing in November in honor of Veteran's Day. We hope you can join us! Congratulations to Jobi Scott and Reese VanBrocklin from our Bexley Chorus who earned a place in Southern Regionals competition on November 3rd and will perform in Lakeland. Way to represent our Bulldogs!

How can I contact Mrs. Wolin or Mrs. Huffman?

Our teachers and staff are empowered to handle many situations. If you need to reach administration, the best way is by email from our website. We usually respond the same day.

Calling and leaving a message with the front office is the next most efficient and we typically respond within 24 hours.

While we love talking and problem solving with families, the most challenging way to speak with us is by dropping by. We are often with teachers and students, in committee meetings, classrooms, or with District personnel.

The changes in the world around us have necessitated tighter restrictions on monitoring our visitors and approved volunteers. While we lament that these world events impact us, we can feel empowered to know that our students are in an even safer environment. Mrs. Huffman and I encourage all of you to become approved volunteers even if you have no plans to be on campus.

We enjoy offering the dismissal option of Hiker Biker. We recommend that adults walk or bike as well. If you choose to drive, please follow community and highway rules by parking in designated neighborhood spots and keeping the bike lane clear of motor vehicles. Model safe behavior for your child by crossing with the crossing guard.
